WORK EXPERIENCE

Network of Creative Thinkers | 01/20-04/20

UX Designer

Worked on redesigning of web and mobile application of client products. Evaluated existing design elements. Redesigned the user flows based on research. Wireframed and prototyped. Iterated on designs based on feedback

Physiz | 08/19-04/20

UX Engineer

- Worked with an early stage startup to design and implement user flows.
- Worked on MQTT, nodejs and couchDB for automating indoor farms.

Servify | 01/17-10/18

Senior Product Engineer

04/18-10/18

Product Engineer

05/17-04/18

Software Development Intern

01/17-05/17

- Worked on the NodeJS loopback framework, MySQL, mongodb and postgres for the company's backend system.
- Worked on query optimisation and caching to improve system performance.
- Engaged in various stages of product development from requirement meeting with clients, design discussions, system architecture and quality assurance.
- Lead the implementation of a rule engine to detect fraud in insurance purchase and claim process.

Cretif | 12/15-02/16

Software Development Intern

Worked on the company's webapp and website primarily using ExpressJS.
